# Our Services & Expertise

## Integrated Solutions for Your Sustainability Journey

Green Consult provides end-to-end solutions to help organizations embed sustainability into strategy, operations and reporting, while creating long-term value for business and society.

Creating Long-Term Value  
Through ESG Excellence

01

### Sustainability Framework & Strategy

We help organizations define their sustainability vision, framework, and roadmap aligned with business goals and stakeholder expectations.

- ✓ Sustainability vision & goals
- ✓ Materiality assessment
- ✓ Sustainability roadmap
- ✓ Governance & structure
- ✓ Implementation strategy

02

### Sustainability Policies & Procedures

We design and implement policies, procedures and ESG management systems to embed sustainability into daily operations.

- ✓ Policy & SOP development
- ✓ Governance mechanisms
- ✓ ESG management system
- ✓ Employee capacity building
- ✓ Supply chain management

03

### Sustainability Reporting

We assist organizations in preparing high-quality sustainability reports that are transparent, credible and aligned with leading standards.

- ✓ GRI Standards
- ✓ ISSB Standards
- ✓ OJK Sustainability Reporting
- ✓ Integrated Reporting

04

### ESG Strategy & Guidance

We help organizations strengthen ESG performance and create long-term value through robust strategy, management and stakeholder engagement.

- ✓ ESG Strategy & roadmap
- ✓ Materiality & gap analysis
- ✓ ESG performance management
- ✓ Stakeholder engagement

05

### Climate Strategy Development

We develop climate strategies to help organizations manage climate risks, build resilience and transition to a low carbon future.

- ✓ Climate risk assessment
- ✓ Mitigation & adaptation strategy
- ✓ Climate resilience
- ✓ IFRS S2 readiness

06

### Net Zero Emission

We support organizations in setting and achieving net zero emissions through science-based and practical approaches.

- ✓ Decarbonization roadmap
- ✓ Emission reduction target
- ✓ Carbon management
- ✓ Carbon offset initiatives

07

### Carbon Footprint & Carbon Calculator

We help organizations measure, manage and report greenhouse gas emissions accurately and consistently.

- ✓ GHG inventory
- ✓ Carbon footprint assessment
- ✓ Carbon calculator tools
- ✓ Emission monitoring

**End-to-End Solutions**  
From Strategy to Reporting and Implementation

**Expert Team**  
Experienced Professionals in ESG & Sustainability

**Standards Aligned**  
GRI, ISSB, IFRS S2, OJK and Global Best Practices

**Business Impact**  
Creating Long-Term Value for Business and Society

# Our Key Services Portfolio

## End-to-End Solutions for a Sustainable Future

We provide integrated, practical, and outcome-driven services that help organizations embed sustainability into strategy, operations, and reporting.

Creating Long-Term Value  
Through ESG Excellence

### 1. SUSTAINABILITY REPORTING

We help organizations deliver high-quality, credible, and impactful sustainability reports aligned with global standards and best practices.

- ✓ GRI Standards Reporting
- ✓ ISSB Standards (IFRS S1 & S2)
- ✓ OJK Sustainability Reporting
- ✓ Integrated Reporting
- ✓ ESG Data Management & Disclosure
- ✓ ESG Assurance Readiness

Delivering transparency, accountability, and stakeholder trust.

### 2. ESG & SUSTAINABILITY STRATEGY

We work with organizations to define ESG strategies that create long-term value and drive business resilience and growth.

- ✓ ESG Strategy & Roadmap
- ✓ Materiality Assessment
- ✓ Stakeholder Engagement
- ✓ ESG Policy & Governance
- ✓ Sustainability Integration
- ✓ Performance Measurement (KPIs)

Turning sustainability ambitions into measurable results.

### 3. CLIMATE CHANGE & NET ZERO

We support organizations in managing climate risks, reducing emissions, and transitioning to a low-carbon and climate-resilient future.

- ✓ Climate Risk Assessment
- ✓ GHG Inventory & Emissions Calculation
- ✓ Decarbonization Strategy & Roadmap
- ✓ Science Based Targets (SBTi) Guidance
- ✓ Net Zero Strategy & Transition Plan
- ✓ Climate Resilience & Adaptation

Managing climate risks today, securing a net zero tomorrow.

### 4. ESG RISK MANAGEMENT & ASSURANCE

We help organizations strengthen governance, manage risks, and build assurance-ready systems to enhance trust and performance.

- ✓ ESG Risk Assessment & Management
- ✓ Governance, Policies & Procedures
- ✓ Internal Control & Compliance
- ✓ Supply Chain ESG Management
- ✓ ESG Due Diligence
- ✓ Assurance Readiness & Advisory

Strengthening governance and resilience, building assurance and confidence.

### Integrated. Strategic. Impactful.

Our services are designed to work together, helping organizations create long-term value, meet stakeholder expectations, and contribute to a sustainable future.
